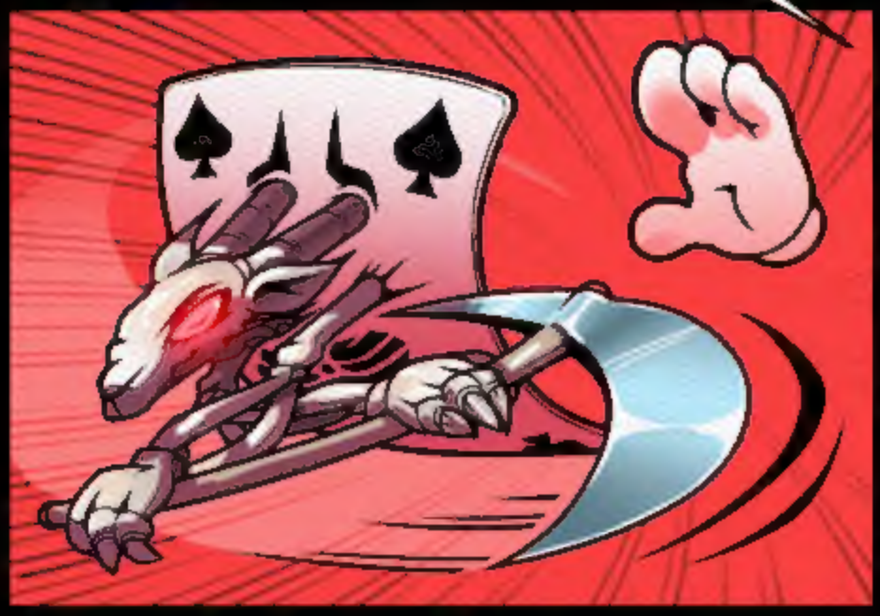
Mes amis, what manner o' magic will we need to get out of this?

It's a question
Ç'est une question de chance!
of luck!

O~ho!

I've always got a good hand!



TCH...

~WOM~

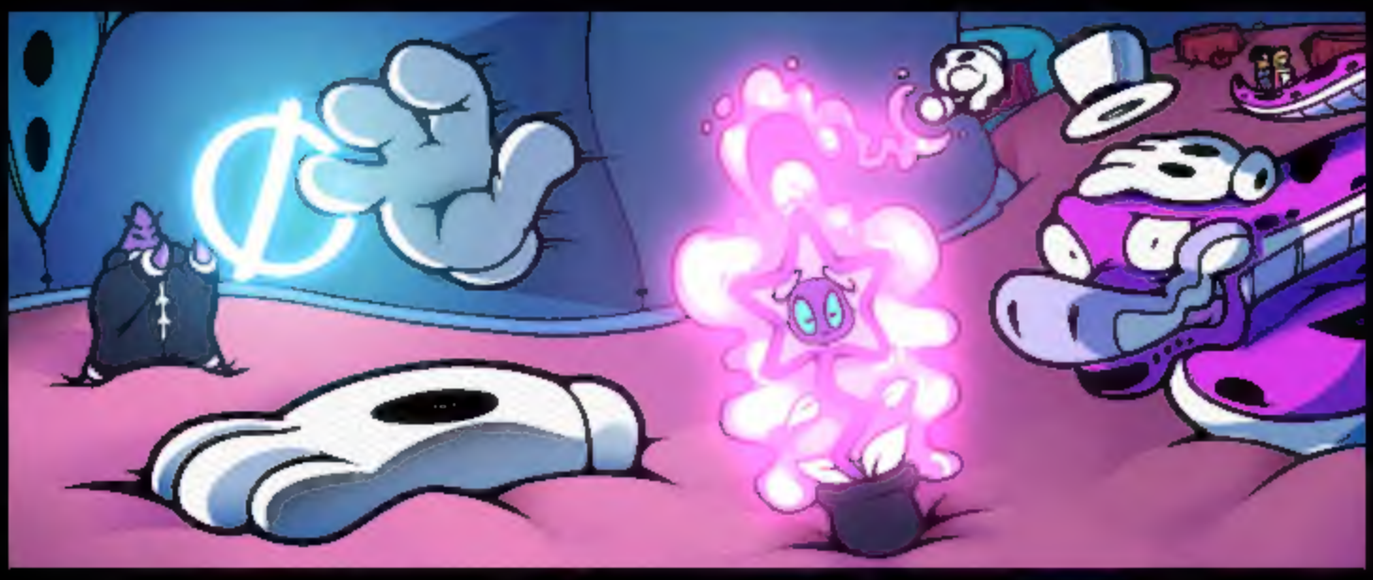
Glisser, bad matchup!

They took their anti-violence stance so seriously all their attacks are about disabling toon powers!

I am well aware why we never bothered casing the place. That does not mean I won't fight to protect you both!

Still, c'est vraiment agaçant!

it's really annoying!



Plan B, on s'évade!
we escape!

And we do it with overwhelming aplomb!

Presto~

~WUM~

CHANGO!!!

OHOHOHO!

They're still on top of us!

I -hic- think I'm gonna...

Incroyable. To think I thought to overhelm them..

Instead, they cut to the main act.

WE will not be so easily captured!
